

Amazon Music - India Re-Launch GTM Strategy

Context

Amazon Music is relaunching in India, entering one of the world's fastest-growing music streaming markets for the first time. With over **500 million smartphone users**, rising internet penetration, and a **young, digitally savvy demographic**, India represents a massive growth opportunity.

Competition: Spotify, Spotify, Apple Music, YouTube Music, JioSaavn, Gaana, and Wynk Music.

Market Opportunity:

- **Rapid revenue growth:** Projected to surpass USD 5 billion by 2030.
- **Huge listener base:** Over 1 trillion annual streams in India.
- **Monetisation upside:** Large free user base ready for conversion.
- **Local & regional content:** Rising demand for vernacular music.
- **Smartphone + data adoption:** Expanding reach into Tier-2 and Tier-3 cities.
- **Strong ecosystem potential:** Partnerships and AI boost user engagement

Amazon's Advantages in India:

- **200M+ Amazon.in users** — vast existing customer base.
- **15M+ Prime members** — strong foundation for cross-promotion.
- **Robust logistics & payment network** — ensures seamless user experience.
- **Growing Alexa ecosystem** — voice integration enhances engagement.
- **High trust & brand recognition** — established credibility across India.

Defining the ICP (Customer Persona)

Attributes	ICP 1: Students (Early Learners)	ICP 2: Urban Youth	ICP 3: Young Professionals	ICP 4: Family Subscribers	ICP 5: Senior Listeners (Devotional Segment)
Age	5–15 yrs	16–24 yrs	25–35 yrs	35–55 yrs	55+ yrs
Location	Tier 1 & Tier 2 cities	Tier 1 & Tier 2 cities	Metro cities (Delhi, Mumbai, Bangalore, Hyderabad)	Tier 1 cities	Pan-India (Urban & Semi-urban)
Profession	School students	Students, College-goers	IT & Corporate employees	Dual-income households	Retired professionals, Homemakers
Income Level	₹0–10K/month (dependent)	₹10K–30K/month (household)	₹40K–100K/month	₹80K–200K/month (household)	₹20K–60K/month (pension/household)
Music Behavior	Kids songs, learning rhymes, fun tunes	Bollywood, Hip-hop, Regional, Pop	Podcasts, International music, Commute listening	Family-friendly, devotional, kids content	Bhajans, classical, old Bollywood, devotional songs
Current Apps	YouTube Kids, Spotify Kids, Gaana Kids	JioSaavn, Spotify, YouTube	Spotify, Apple Music, YouTube Music	Gaana, JioSaavn, FM Radio	YouTube, Wynk, FM, JioSaavn
Goals / Jobs to be Done	Learn through music, entertainment	Discover new trends, share with friends	Productivity & relaxation	Entertainment for family	Spiritual connection, nostalgia
How They Discover	YouTube Kids, Parents, Friends	Instagram, YouTube, Influencers	LinkedIn, Google, Tech blogs	Amazon.in, Email, Word of mouth	WhatsApp, TV, Word of mouth
Decision Factors	Parental control, Safe content	Price, Free tier, Regional music	App experience, Audio quality	Family plans, Value bundles	Easy navigation, Devotional library
Language Preference	Hindi, English, Regional	Hindi, English, Regional	English, Hindi	English,Hindi, Regional	Hindi, Regional

Core Value Proposition — Amazon Music India

“Apni Bhasha, Apna Music”

Music that feels like home

Connect with Your Roots

Experience over 70 million+ songs — the most diverse collection of Bollywood hits, regional tracks, devotional music, and global favorites — all in one app. Rediscover music that reflects every Indian emotion and language.

Deep Amazon Ecosystem Integration

Enjoy a seamless experience across Amazon.in, Prime Video, and Alexa devices with exclusive Prime member benefits. One connected ecosystem for shopping, entertainment, and music.

Affordable for Every Indian

Flexible and inclusive plans — starting at ₹99/month, with student and family plans tailored for every listener. Enjoy a free ad-supported tier to begin your musical journey anytime.

Music That Works Your Way

Stream anywhere — on mobile, desktop, or Alexa. Enjoy offline downloads, high-quality audio, and smooth playback optimized for Indian internet speeds. Your music, your terms.

Core Messaging

Primary Message

“All your music. All in one place — only on Amazon Music.”

From Bollywood chartbusters to regional hits, from indie voices to global sensations, discover a world of sound that speaks every Indian language.

For Students

“Unlimited music, pocket-friendly vibes — just ₹49/month.”

Your study breaks, gym playlists, and travel tunes — all in one app.

For Professionals

“Your workday. Your soundtrack.”

Enjoy seamless offline listening and high-quality sound during commutes or deep-focus hours.

For Families

“One plan. Endless music for everyone.”

Up to six accounts under one affordable family plan — music that brings everyone together.

For Prime Members

“Already on Prime? Your music just got better.”

Enjoy exclusive features and early access — another reason to stay tuned into the Amazon universe.

Channel Strategy

We'll focus on channels that best reach our Indian audience (ICPs) while amplifying Amazon's ecosystem advantages.

Primary Channels:

- **Amazon.in Homepage & App Banners** — for direct user conversion
- **Alexa Voice Prompts & Echo Devices** — to cross-promote Amazon Music
- **Social Media (Instagram, YouTube, X)** — targeting youth & professionals
- **Prime Video & Amazon Pay touchpoints** — to reach existing Prime base
- **Influencer Collaborations & Regional Campaigns** — to build local connect

Channel Selection

Selecting the right channels is crucial to our success. We will prioritize platforms that effectively reach our Indian target audiences while maximizing **Amazon's existing ecosystem advantages**.

Priority Channels Matrix

Channel	Expertise	Impact	ICP Fit	Priority	Notes / Strategy
Amazon.in Integration	High	High	All ICPs	Critical	Leverage homepage, banners, and push notifications to drive awareness.
Instagram / Facebook Ads	Medium	High	ICP 1, 2	Critical	Visual storytelling and short video content for youth engagement.
YouTube Pre-roll Ads	Medium	High	All ICPs	Critical	Promote trailers, teasers, and trending playlists before popular videos.
Influencer Collaborations (Bollywood / Music)	Medium	High	ICP 1, 2	High	Partner with top creators, singers, and regional influencers.
OTT Platform Ads (Prime Video, Hotstar)	High	Medium	All ICPs	High	Cross-promote Amazon Music in entertainment content and OTT ads.
Mobile Carrier Partnerships (Airtel, Jio, Vi)	Medium	High	All ICPs	High	Bundle Amazon Music with data plans for easy adoption.
Music Label Tie-ups (T-Series, Saregama, Zee Music)	Medium	High	All ICPs	High	Exclusive early releases and regional promotions.

College Campus Activations	Low	Medium	ICP 1	Medium	On-ground events, contests, and student ambassador programs.
IPL / Cricket Sponsorships	Medium	High	All ICPs	Medium	Use cricket's mass reach for national-level visibility.
Google Search & Display Ads	High	Medium	ICP 2	Medium	Target intent-based keywords and app install campaigns.
Email Marketing (Amazon Users)	High	Medium	All ICPs	Medium	Use Amazon's customer base for cross-promotion and retention.
Regional Language Content Marketing	Medium	Medium	ICP 3, 5	Medium	Promote vernacular playlists and devotional content.
Alexa Voice Promotions	High	High	All ICPs	Critical	"Alexa, play Amazon Music" — use voice engagement to boost discovery.
Prime Membership Communication	High	High	ICP 3, 4	Critical	Notify Prime users about exclusive music benefits.
WhatsApp Marketing (Opt-in Users)	Medium	Medium	ICP 4, 5	Medium	Send devotional playlists, offers, and festival campaigns.
Outdoor / Transit Ads (Metro, Airports)	Medium	Medium	ICP 2, 3	Medium	Brand visibility in high-traffic urban zones.

Master Strategy:

Leverage the power of the Amazon ecosystem and high-engagement digital platforms to reach Indian audiences, while forming key alliances with telecom providers and music labels to expand reach and strengthen distribution.

Execution

Launch Date

Target Launch: 14th February 2026 (*Valentine's Day*)

Strategic Timing

- **Valentine's Day Launch** — Perfect moment to celebrate love through music and emotional storytelling.
- **Post-Holiday Momentum** — Tap into new year resolutions and fresh subscription behavior.
- **Republic Day Buzz IN** — Build pre-launch awareness around national pride and "Music That Unites India."

- **Pre-IPL Window (March)** — Create early brand visibility for upcoming cricket collaborations and sponsorships.
- **Aligned with Prime Video's India Content Calendar** — Strengthen cross-promotions through music integrations in upcoming Prime originals.

Target Launch:

14th February 2026 (Valentine's Day)

Theme: *"Dil Se Music" — Celebrating Love Through Every Language of India*

Strategic Timing & Rationale

Valentine's Day Launch – Emotional Connect:

- Perfect occasion to position Amazon Music as *"The Soundtrack of Love"* — connecting emotions through music.
- Ideal for promoting **romantic playlists**, **Bollywood love songs**, and **regional love tracks** across languages.

Post-Holiday Momentum:

- Leverage early-year enthusiasm and **new subscription intent** following the New Year season.
- Ideal window to convert new Prime users and attract music-first audiences.

Pre-IPL Marketing Advantage (March Onwards):

- Early launch allows for **IPL and cricket campaign tie-ins**, maximizing national reach through sports-driven advertising.
- Opportunity to feature **Amazon Music playlists for cricket fans** and brand integration during matches.

Prime Video Content Calendar Alignment:

- Sync campaigns with **Prime Video India premieres** in February–March to leverage cross-platform promotions.
- Unified communication across **Amazon.in**, **Prime Video**, and **Alexa** for cohesive brand storytelling.

Cultural Resonance & Mass Appeal:

- Valentine's Day offers a **universal emotional hook** cutting across demographics and regions.
- Reinforces Amazon Music's message — *"Apni Bhasha, Apna Music"*, celebrating every Indian emotion through sound.

Amazon Music India — Year 1 Milestone Plan (Feb 2026–Jan 2027)

Q1 FY26 (Feb–Apr 2026) – Launch & Awareness Phase

Objective: Create emotional connection and build massive awareness across India.

Focus Areas:

- Launch on **Valentine’s Day (Feb 14, 2026)** with nationwide campaign “**Dil Se Music.**”
- Roll out **romantic playlists** in 10+ Indian languages.
- Leverage **Prime Video cross-promotion** and **Amazon.in banners**.
- Execute **influencer collaborations** with Bollywood singers & love-story creators.
- Drive **1M+ paid signups** and **5M total users** in 60 days.
- Partner with **music labels** for exclusive “Love Hits” playlists.

Q2 FY26 (May–Jul 2026) – Expansion & Regional Deep Dive

Objective: Penetrate Tier 2 & Tier 3 cities; strengthen local engagement.

Focus Areas:

- Launch **regional language campaigns** — Tamil, Telugu, Punjabi, Marathi, Bengali.
- Collaborate with **local artists and influencers** for vernacular content.
- Introduce **student plan offers (₹49/month)** before college season.
- Expand reach via **mobile carrier bundles (Jio, Airtel)**.
- Target **+3M new users** and increase Tier 2/3 contribution to **35%+**.

Q3 FY26 (Aug–Oct 2026) – Engagement & Festival Campaigns

Objective: Boost engagement and retention through festive moments.

Focus Areas:

- Festival campaigns for **Raksha Bandhan, Ganesh Chaturthi, Navratri, Diwali**.
- Introduce “**Festive Beats of India**” playlist series.
- Launch **family plans** and highlight **Alexa integration**.
- Promote **devotional & cultural content** for older audiences (ICP 5).
- Drive **DAU to 4M+** and **average listening time to 45+ minutes/day**.
- Achieve **75% 3-month retention** milestone.

Q4 FY26 (Nov 2026–Jan 2027) – Monetization & Retention Focus

Objective: Strengthen paid conversions and loyalty before Year-End.

Focus Areas:

- “**Year in Music 2026**” recap campaign — user listening highlights.
- Run **New Year & Valentine’s Countdown playlists** to maintain emotional connect.

- Push **Prime bundle offers** and **family renewals**.
- Integrate **AI-based personalization** for recommendations.
- Achieve **10M total signups**, **3M paid subs**, and **₹200 Cr ARR**.

Year-End Targets (Jan 2027)

Metric	Goal
Total Signups	10 Million+
Paid Subscribers	3 Million+
Monthly Active Users	15 Million+
Annual Recurring Revenue	₹200 Crores
Retention Rate	75%+
Avg. Listening Time	45+ mins/day
Tier 2/3 Share	40%+

Success Metrics

Acquisition Metrics

- **App Downloads:** Total installs across **Google Play** and **Apple App Store**
- **Sign-Up Conversion Rate:** % of app visitors who create an account
- **Cost Per Acquisition (CPA):** Average acquisition cost per channel
- **Free-to-Paid Conversion Rate:** % of users upgrading to paid plans
- **Geographic Distribution:** Share of users from Tier 1 vs Tier 2/3 cities

Engagement Metrics

- **DAU / MAU Ratio:** Daily-to-monthly active user ratio (target > 30%)
- **Average Session Duration:** Time spent per active session
- **Songs Played per User:** Average daily song count per user
- **Playlist Creation Rate:** % of users creating or following playlists
- **Offline Downloads per User:** Average number of downloaded tracks per user

Retention Metrics

- **Retention Rates:** Day 1, Day 7, and Day 30 retention benchmarks
- **Monthly Churn Rate:** % of users discontinuing paid or free use
- **Reactivation Rate:** Returning inactive users through campaigns
- **Net Promoter Score (NPS):** Measure of user satisfaction & loyalty

Revenue Metrics

- **Monthly Recurring Revenue (MRR):** Total subscription revenue per month
- **Average Revenue Per User (ARPU):** Monthly earning per active user
- **Lifetime Value (LTV):** Estimated revenue per user over lifespan
- **LTV:CAC Ratio:** Target **3:1** for sustainable profitability
- **Revenue by Tier:** Breakdown by individual, student, and family plans

Content Performance Metrics

- **Top Artists / Songs / Genres:** Most streamed content by category
- **Regional Language Consumption:** % share of vernacular music streams
- **Bollywood vs International Split:** Ratio of domestic to global content
- **Podcast Engagement Rate:** Share of users engaging with talk/audio shows

User Qualification Definitions

Category	Definition
Lead	User who downloads the app and creates an account
Qualified User	User who streams at least 1 song
Active User	User who streams 30+ minutes in the last 30 days
Subscriber	User with an active paid subscription plan

Do the MATH — Amazon Music India Launch Plan (Valentine's Day 2026)

Goal:

Acquire **10 Million total signups** and **3 Million paid subscribers** within **Year 1 (Feb 2026 – Jan 2027)**

Key Assumptions

- **Launch Date:** 14th February 2026 (*Valentine's Day — “Dil Se Music” Campaign*)
- **Average Free-to-Paid Conversion:** 30%
- **Average Subscription Price (Blended ARPU):** ₹80/month
- **Target LTV:CAC Ratio:** 3:1
- **Average Customer Lifetime:** 24 months

Channel-Wise Acquisition Breakdown

Channel	Reach / Traffic	Conv. %	Estimated Signups	Avg. CPA (₹)	Notes
Amazon.in Integration	50M impressions	3%	1,500,000	₹50	Homepage banners, Valentine playlist promotions
Instagram / Facebook Ads	100M impressions	1.5%	1,500,000	₹120	Valentine Reels, regional influencer tie-ins
YouTube Pre-roll Ads	80M impressions	2%	1,600,000	₹100	Romantic playlists, celebrity teaser ads
Influencer Marketing (Bollywood + Indie)	40M reach	2.5%	1,000,000	₹150	Collaborations with popular musicians & couples
Telco Partnerships (Jio, Airtel, Vi)	30M offers sent	5%	1,500,000	₹80	Valentine data-bundle offers with free trials

Prime Video Cross-Promotion	20M users	4%	800,000	₹40	Integrated ads during Prime Video Valentine content
Music Label Exclusives	25M organic reach	2%	500,000	₹60	Launching exclusive Bollywood “Love Tracks”
College Campus Programs	5M students	8%	400,000	₹75	Valentine’s “Campus of Love” music events
Google Search Ads	10M searches	5%	500,000	₹140	Intent-based “Best Valentine Songs” campaigns
Email Marketing (Amazon Users)	15M emails	2%	300,000	₹20	Personalized “Love Playlist” promotions
Organic / Referrals	Word of Mouth	-	400,000	₹0	Valentine social challenge “#DilSeMusic”

TOTAL: 10 Million Signups at **₹87 Average CPA.**

Conversion to Paid Subscribers

Metric	Value	Notes
Total Signups	10,000,000	Year 1 target
Paid Conversion Rate	30%	Post free-trial conversion
Paid Subscribers	3,000,000	Within Year 1
Average Subscription Price	₹80/month	Blended ARPU
Monthly Recurring Revenue (MRR)	₹24 crores/month	At full run rate
Annual Recurring Revenue (ARR)	₹288 crores	Year 1 target

Budget Allocation — Year 1 (₹120 Crores)

Category	Allocation (₹ Crores)	% Share	Focus
Digital Marketing	₹50 Cr	42%	YouTube, Meta, Google, Valentine launch ads
Telco & Strategic Partnerships	₹25 Cr	21%	Jio, Airtel, music label tie-ups
Content & Exclusives	₹20 Cr	17%	Regional + Bollywood originals, Valentine playlists
Amazon Ecosystem Integration	₹10 Cr	8%	Prime, Alexa, Amazon.in synergy
Events & Activations	₹8 Cr	7%	Campus tours, influencer meetups
PR & Brand Building	₹7 Cr	5%	Launch PR, Valentine campaigns

Expected ROI:

- **Total Marketing Spend:** ₹120 Cr
- **Year 1 ARR:** ₹288 Cr
- **2-Year LTV:** ₹600+ Cr
- **ROI: 5:1 (Over 2 Years)**

Launch Execution Plan — “Dil Se Music” (Valentine’s Day 2026)

Pre-Launch (6 Weeks Before Launch)

1. Product & Tech (Week -6 to -4)

- Finalize **app localization** in 11 Indian languages
- Integrate **UPI, Paytm, Amazon Pay, credit cards**
- Optimize app for **3G/4G speeds** and low-storage devices
- Complete **CDN & infrastructure setup** for India
- Secure **music licensing** (T-Series, Sony Music India, Saregama, Zee Music, Tips)
- Curate **“Love,” “Regional,” “Devotional,” and “Mood” playlists**
- Test **Alexa integration** in Hindi and key regional languages
- Finalize **pricing tiers** (Student ₹49, Family ₹149, Premium ₹99)

2. Marketing & Partnerships (Week -4 to -2)

- Launch **#DilSeMusic teaser campaign** across social platforms
- Sign influencer deals with **Bollywood and Indie artists**
- Align **Prime Video Valentine promotions** with Amazon Music ads
- Finalize **telecom & campus activation agreements**

3. Launch Week (Feb 14, 2026)

- Nationwide **Valentine’s Day takeover** on Amazon.in & Prime Video
- **“Play Your Love Story”** campaign with personalized playlists
- Live Valentine special event streamed via **Prime Video + YouTube**
- Alexa command: **“Alexa, play Dil Se Music”** integrated for launch
-

Launch Day Run of Show (14th February, 2026)

Pre-Dawn (12:00 AM – 6:00 AM) — The Grand Love Drop

Time	Action
12:00 AM	App officially goes live on Google Play & iOS App Store .
12:00 AM	Homepage takeover on Amazon.in — “Play Your Love Story” banners go live.
12:15 AM	Social media reveal across all Amazon handles with #DilSeMusic campaign.
12:30 AM	Valentine’s launch film premieres on YouTube & Instagram .
1:00 AM	Monitor app infrastructure (downloads, signups, latency).
2:00 AM	Email blast to 5M+ Amazon Prime users introducing “Your Valentine Playlist.”
4:00 AM	Early metrics review: downloads, signups, and tech stability.

Morning (6:00 AM – 12:00 PM) — The Sound of Love Wakes India

Time	Action
6:00 AM	Launch all paid campaigns on Facebook, Instagram & YouTube.
7:00 AM	Press release distributed to national & regional media outlets.
8:00 AM	Influencer content drops: 200+ creators share “What’s Your Love Soundtrack?” posts.

9:00 PM	Instagram Live sessions with featured artists and couples.
10:00 PM	End-of-day metrics compilation: downloads, signups, engagement, mentions.
11:00 PM	Team debrief & Day 2 performance planning.
12:00 AM	Wrap-up celebration: Team toast to “India’s Love Song.”

Day 1 Success Metrics (Valentine’s Day Launch Targets)

Metric	Target
App Downloads	500,000+
New Signups	300,000+
App Store Ranking	Top 5 in Music category
Social Media Mentions	100,000+ (using #DilSeMusic)
Press Coverage	50+ major outlets nationwide
App Rating	4.2+ stars average on Day 1
Live Stream Attendance	250K+ concurrent viewers
Influencer Engagement Reach	50M+ cumulative impressions

Post-Launch Plan

Week 1 (Days 1 – 7): Stabilize & Delight Early Users

1. Daily **performance tracking** – downloads, signups, session time.
2. Rapid **bug fixes** and incremental **app updates** based on feedback.
3. Collect **user reviews** via in-app prompts and social media polls.
4. Refresh **daily curated playlists** (Love Hits, Regional Romance, Retro Vibes).
5. Continue **influencer amplification** across Instagram & YouTube.
6. Conduct **first retention-cohort analysis** (Day 1 → Day 7).
7. Review **channel performance** & reallocate ad budgets accordingly.

Weeks 2 – 4 (Days 8 – 30): Expand Reach & Deepen Engagement

1. Roll out **Phase 2 features** – podcast tab, social-sharing tools, “Love Dedication” option.
2. Launch **regional marketing campaigns** (Tamil Nadu, West Bengal, Maharashtra, Punjab).
3. Sponsor **college festivals & music competitions** themed “Campus of Love.”
4. Run **first subscriber-cohort analysis** → optimize conversion funnel.
5. Deploy **NPS survey** to early users for feedback on UX and music selection.
6. Secure **exclusive artist deals** with Arijit Singh, Badshah, Sunidhi Chauhan etc.
7. Plan **Month 2 campaigns** around “*Music for Every Mood*” theme.
8. Integrate **Alexa-based engagement promos** (“Alexa, play my love mix”).

Months 2 – 3 (Apr – May 2026): Momentum & Mass Engagement

1. Activate **IPL partnerships** (playlist & ad tie-ins during matches).
2. Promote **Family Plan & Student Plan** offers for households & campuses.
3. Expand **regional-language library** — Tamil, Telugu, Marathi, Punjabi, Bengali.
4. Introduce **gamification features** (badges, rewards for daily listening streaks).
5. Host **virtual concerts & artist Q&As** through Prime Video & YouTube Live.
6. Conduct **Q1 performance review** & adjust strategy based on insights.

Quick Notes & Reminders

Critical Success Factors

- **Localization Matters:** Support 11+ Indian languages across UI & content.
- **Price Sensitivity:** Continue ₹49 student plan & free ad-tier.
- **Payment Ease:** Integrate UPI, Amazon Pay, Paytm, and Google Pay seamlessly.
- **Data Optimization:** Ensure smooth playback on 3G/4G & low-storage devices.
- **Bollywood is Core:** 70%+ of streams are Hindi film music — curate fresh playlists weekly.
- **Regional Diversity:** Prioritize Tamil, Telugu, Bengali, Marathi, Punjabi catalogs.
- **Cricket = Engagement:** Leverage IPL for nationwide visibility and campaign tie-ins.
- **Amazon Ecosystem:** Cross-promote via Prime Video, Alexa, and Amazon.in.

Key Partnerships to Secure

- **Music Labels:** T-Series, Sony Music India, Zee Music Company, Saregama India, Tips Industries.
- **Telecom:** Jio, Airtel, Vi — bundle Amazon Music with data plans.
- **Payment:** Paytm, PhonePe, Google Pay — joint offers & cashback deals.
- **OTT Cross-Promotion:** Leverage Prime Video content for music placement.
- **Artists:** A. R. Rahman, Arijit Singh, Badshah, Divine — exclusive tracks & collaborations.
- **Events:** IPL 2026, Sunburn, NH7 Weekender, college fests — for youth outreach.

Risk Mitigation

- **Competitive Pricing:** Prepare counter-offers if Spotify or JioSaavn reduce rates.
- **Content Licensing:** Secure multi-year deals to avoid catalog loss.
- **Technical Scale:** Plan for 10× traffic spikes during festivals & IPL.
- **Regional Rivals:** Adopt localized marketing for strong state players.
- **Piracy Challenge:** Highlight ad-free listening, offline mode & exclusive music as key value props.

Team Ownership

Role	Responsibility
Overall GTM Lead	Jayadev — strategy & execution oversight
Product Lead	[To assign] — feature roadmap & UX optimization
Marketing Lead	[To assign] — campaign execution & brand voice
Partnerships Lead	[To assign] — telcos, labels, artists
Content & Music Strategy	[To assign] — curation & exclusive releases
Regional Marketing Heads	North, South, East, West — local campaigns
Customer Success Lead	[To assign] — onboarding & support
Analytics Lead	[To assign] — dashboard & KPI reporting

Immediate Next Steps

1. **Review and approve** the ₹120 Crore Year-1 marketing and operations budget for continued execution.
2. **Finalize and renew music licensing agreements** with key partners — **T-Series, Sony Music India, Zee Music, Saregama, and Tips** — to secure long-term exclusivity.
3. **Expand the India GTM team** by onboarding additional talent across **marketing, content partnerships, data analytics, and customer success** functions.
4. **Monitor and enhance app localization** across **11 Indian languages**, ensuring seamless user experience and accurate regional translations.
5. **Strengthen telecom alliances** with **Jio, Airtel, and Vi** to drive bundled subscription conversions and cross-promotion offers.
6. **Refresh creative assets** for the “**Dil Se Music**” **post-launch campaign**, emphasizing user stories, regional playlists, and romantic engagement content.
7. **Optimize technical infrastructure** — scale **servers, CDN, and payment systems** to support increasing traffic and user demand.
8. **Analyze beta and launch user feedback**, implementing **UX improvements** and refining onboarding flows for better retention.
9. **Plan and execute post-launch celebrity engagements**, live sessions, and influencer tie-ins to sustain buzz beyond Valentine’s week.
10. **Implement real-time analytics dashboards** to continuously track **downloads, engagement, retention, and paid conversions** across all channels.

Success Vision

By Valentine’s Day 2027 (1 Year Post-Launch), Amazon Music India will be a **household name**, reaching **10 M + users**, celebrating **India’s diverse musical heritage** through a platform that blends **emotion, language, and technology** — truly “**Dil Se Music.**”
