

Engagement Strategy

Presented By- Jayadev Sahoo

Loop 1 Personalization Flywheel

Onboarding Music Taste Quiz

- A **3-minute interactive quiz** during signup: “Tap your mood,” “Pick 3 favorite artists,” “Select your languages.”
- Instantly creates a **personalized homepage and playlists** tailored to user preferences.
- Impact:** High | **Effort:** Medium

Daily Mix Playlists (India-Specific)

- Curated playlists like “**Your Morning Raga**,” “**Commute Bollywood**,” “**Evening Indie**” refresh automatically each day.
- Personalization based on **listening patterns, time of day, and user mood**.
- Impact:** High | **Effort:** Medium

Smart Shuffle with ‘Discovery Score’

- Introduces a “**Discovery Score**” badge showing “*You discovered 5 new songs today!*”
- Gamifies music discovery** to build listening habits and encourage exploration.
- Impact:** Medium | **Effort:** Low

Loop 2 Social Sharing & Viral Growth

Shareable Music Cards (Instagram Stories)

- Automatically generate **beautiful, branded music cards** such as *“Now Playing,” “My Top 5 This Week,”* or *“Mood Board.”*
- One-tap sharing to **Instagram Stories, WhatsApp, and X (Twitter)** with embedded **attribution links** to Amazon Music.
- **Impact:** High | **Effort:** Medium

Collaborative Family Playlists

- **Family plan users** can co-create playlists like *“Diwali 2026 Mix”* or *“Road Trip Vibes.”*
- Real-time **push notifications** when a family member adds or edits songs.
- Strengthens **household engagement** and promotes subscription retention.
- **Impact:** High | **Effort:** Medium

Gift a Song Feature

- Users can **send a song with a personal message** directly via **WhatsApp or SMS**.
- Recipients enjoy **3 free listens**, creating an emotional connection and a **conversion trigger** to sign up.
- **Impact:** High | **Effort:** Low

Loop 3 Content Network Effect

Artist Direct Upload (India Indies)

- Empowers **independent Indian artists** to upload their music directly to Amazon Music.
- A dedicated **curation team reviews and promotes standout tracks**, spotlighting emerging local talent.
- Strengthens Amazon Music's **exclusive content ecosystem** and supports India's indie community.

Impact: High | **Effort:** High

Hyper-Local Radio Stations

- Launch city-specific radio channels like **"Chennai Indie Station"** and **"Pune Hip-Hop Radio."**
- Combine **algorithmic personalization with expert curation** to deliver authentic local flavor.
- Builds a **strong regional identity** and fosters community-based listening habits.

Impact: Medium | **Effort:** Medium

Festival & Event Playlists

Automatically curate playlists for major Indian celebrations such as **"Holi 2026," "Eid Mubarak," "Navratri Nights,"** and more.

Deliver **timely, culturally relevant music experiences** that resonate with India's festive spirit. Enhances seasonal engagement and boosts daily active users during peak cultural moments.

Impact: High | **Effort:** Low

Turbo Boosts (Launch Phase Boosters (Month 1-3))

“Love for the Nation” — Pre-Launch Buzz (Republic Day Challenge)

Campaign: “Create the Most Patriotic Playlist.”

Mechanic: Users curate Republic Day-themed playlists featuring iconic Indian songs.

Rewards: Top 10 winners get **concert tickets** and are **featured on the Amazon Music homepage**.

Outcome: Massive **UGC participation** and early buzz ahead of the Valentine’s launch.

Impact: High | **Effort:** Low

“Love Begins” — Valentine’s Day Launch (Feb 14, 2026)

Feature: **First 1M Users Badge** — early adopters earn the **“Founding Member”** profile badge.

Purpose: Creates exclusivity, recognition, and **FOMO-driven signups**.

Impact: Medium | **Effort:** Low

“Love for Prime” — Exclusive Member Rewards (Month 1)

Highlight: **Exclusive A. R. Rahman concert recording** available only for Prime members.

Objective: Strengthen Amazon ecosystem synergy and reward Prime loyalty.

Impact: High | **Effort:** Medium

“Share the Love” — Viral Growth Loop (First 90 Days)

Program: **Refer & Earn – Get 3 Months Free.**

Mechanic: Both referrer and referee receive **3 months of premium access**.

Goal: Drive **viral adoption and peer-to-peer awareness** in early growth phase.

Impact: High | **Effort:** Low

Turbo Boosts

Growth Accelerators (Ongoing)

Weekly Exclusive Releases

- Partner with **Bollywood studios and labels** for **Friday music drops**.
- Offer **24-hour exclusivity** on Amazon Music before other platforms.
- Builds a **weekly listening habit** and brand association with new hits.
- Impact:** High | **Effort:** High

Campus Ambassador Program

- Recruit **500 college ambassadors** across India.
- Host **listening parties, music battles, and playlist contests**.
- Ambassadors earn **free premium access** and Amazon merchandise.
- Drives **grassroots virality** among Gen Z audiences.
- Impact:** High | **Effort:** Medium

Live Concert Streaming Series

- Host **monthly virtual concerts** featuring top artists like **Arijit Singh, Badshah, and Sunidhi Chauhan**.
- Free tier users** get live access; **premium users** unlock backstage and bonus content.
- Enhances engagement, retention, and event-based excitement.
- Impact:** High | **Effort:** High

Trending Songs Dashboard

- Display **real-time insights** on *“What India is Listening to Now.”*
- Include **regional breakdowns** and emerging artist highlights.
- Encourages discovery, curiosity, and social sharing.
- Impact:** Medium | **Effort:** Medium

Turbo Boosts

Viral Mechanics

Music Personality Test

Campaign: “*Discover Your Music DNA.*”

Fun quiz revealing personalized results like “*You’re 40% Bollywood, 30% Indie, 30% Retro.*”

Instantly shareable on **Instagram and Snapchat** — designed for virality.

Impact: High | **Effort:** Low

Year in Music Report

Personalized annual summary: “*You listened for 50K minutes this year!*”

Presented in **Instagram Story format** for easy sharing.

Amazon’s version of **Spotify Wrapped**, tailored for Indian audiences.

Impact: High | **Effort:** Medium

Streak Rewards

Reward listening consistency: “*Listen 7 days in a row → unlock exclusive acoustic track.*”

Encourages **habit formation** and offers a sense of exclusivity.

Impact: Medium | **Effort:** Low

Surprise & Delight Moments

Random reward triggers, e.g., “*You’re the 100th listener of this indie artist — enjoy 1 month of free premium!*”

Builds emotional connection and shareable delight moments.

Impact: Medium | **Effort:** Low

Lubricants

Payment & Conversion Optimization

Dynamic Pricing Offers

Display **personalized subscription offers** based on user behavior.

Example: *Heavy listeners* see “First 3 months at ₹49”; light users get “1 month free.”

Adapts pricing to **engagement and sensitivity**, maximizing conversions.

Impact: High | **Effort:** Medium

Soft Paywall Experience

Avoid harsh restrictions for free-tier users.

Offer “*Skip 1 ad by watching a 15-second video*” option.

Enables **respectful, user-friendly monetization** while maintaining engagement.

Impact: High | **Effort:** Low

One-Click Prime Upgrade

Show Prime members a simple prompt:

“*Add Music to Prime for ₹50/month.*”

Seamless upgrade with no additional payment steps or re-authentication.

Leverages Amazon’s existing **Prime ecosystem and trust factor**.

Impact: High | **Effort:** Low

Pay-What-You-Want Trial

Let new users **choose their trial duration** — 7, 15, or 30 days.

Reduces commitment hesitation and increases **trial participation rates**.

Ideal for A/B testing and behavioral segmentation.

Impact: Medium | **Effort:** Low

Lubricants

Technical Performance

Adaptive Streaming Quality

Automatically adjusts audio quality based on **network strength and bandwidth**.

Ensures **seamless playback** even for users on 3G or slower connections. Displays a “**Data Saver: ON**” badge for transparency and control.

Impact: High | **Effort:** Medium

Offline-First Architecture

Allows users to **download while listening** in the background.

Automatically **caches top songs** for offline playback during commutes.

Designed for **metro and low-connectivity environments**.

Impact: High | **Effort:** High

Lite App Version

A **sub-10MB lightweight app** built for entry-level smartphones.

Includes **core features only** (streaming, downloads, playlists).

Expands the **addressable market** across Tier 2 & Tier 3 cities.

Impact: Medium | **Effort:** High

Smart Notifications

Sends alerts **only when valuable**, e.g., *“Your favorite artist just released a new song.”*

Never spams users; notifications are **opt-in by default**.

Improves engagement while maintaining a **trustworthy app experience**.

Impact: Medium | **Effort:** Low

Lubricants

UX Polish

Gesture-Based Controls

Enable smooth, **gesture-driven interactions** — *swipe to skip, long-press to add to playlist.*

Mirrors familiar mobile gestures, ensuring **no learning curve**.

Ideal for romantic listening sessions where ease matters most.

Impact: Medium | **Effort:** Low

Contextual Help Tooltips

Display **smart, non-intrusive hints** when users appear stuck.

Example: “*Swipe to see lyrics — sing along with your Valentine!*”

Provides light-touch guidance without interrupting the flow.

Impact: Low | **Effort:** Low

Universal Search (Multi-Language Love)

Supports search in **Hindi, English, and regional languages**.

Both “**Hangover teri yaadon**” and “**Hangover तेरी यादों**” return accurate results.

Makes discovery effortless across India’s linguistic diversity.

Impact: High | **Effort:** Medium

Quick Actions Widget

Adds a **home screen widget** for instant music control.

Lets users **resume playback**, explore their **Daily Love Mix**, or view trending songs.

Reduces friction and **keeps Amazon Music just one tap away**.

Impact: Medium | **Effort:** Medium

Fuel - Content Strategy

Regional Content Depth – Love in Every Language

- Not just popular film tracks — a **deep, culturally rich catalog** for every mood and region.
- **Tamil:** 5M+ songs — not just film hits; includes **Indie, Devotional & Folk Love Ballads**.
- **Telugu:** 4M+ songs — **Tollywood favorites, Folk, and Classical Romance**.
- **Bengali:** 3M+ songs — from **Rabindra Sangeet** to modern **indie and romantic rock bands**.
- **Punjabi:** 2M+ songs — **Bhangra, Sufi, and Punjabi Hip-Hop Love Anthems**.
- **Marathi:** 2M+ songs — **Lavani rhythms, Devotional melodies, and Indie Love Tunes**.

Goal: Build the **widest and most emotionally resonant Indian catalog** that speaks every listener's language of love.

Impact: High | **Effort:** High

Podcast Expansion – Conversations from the Heart

- India's podcast scene is growing — Amazon Music can **lead through emotion and storytelling**.
- **Commission exclusive Indian podcasts** across **romance, comedy, mythology, and real-life stories**.
- **Collaborate with top creators** like *The Ranveer Show* and *IVM Network* for love, life, and culture-driven series.
- **Develop regional podcasts** in Hindi, Tamil, Telugu, Bengali, and Marathi.
- **Integrate with Alexa** for a **voice-first romantic audio experience** ("Alexa, play Love Talks").

Goal: Position Amazon Music as **India's most emotionally engaging audio platform** — beyond songs.

Impact: High | **Effort:** Medium

Live & Original Content – Love, Performed Live

- Create **exclusive, emotional experiences** that can't be found or pirated elsewhere.
- **Monthly "Amazon Originals – Love Unplugged"** sessions: acoustic, remixes, and live romantic performances.
- **Behind-the-scenes interviews** with Bollywood composers and lyricists about iconic love songs.
- **Unplugged renditions** of chart-toppers by top artists.
- **Regional Artist Spotlight** series celebrating local voices and cultural sounds of love.

Goal: Build **exclusive emotional IP** around love, culture, and music — unique to Amazon Music.

Impact: High | **Effort:** High

Fuel - Technology & Data

ML Recommendation Engine – Love, Personalized by AI

- India-specific recommendation models built to understand **how India listens, feels, and celebrates**.
- Train on **Indian listening patterns** — distinct from Western user behaviors.
- Factor in **festivals, cricket seasons, and regional celebrations** to predict mood shifts.
- Enable **cross-language discovery**, e.g., *Hindi listeners discovering Tamil or Bengali indie tracks*.
- Curate **mood-based playlists** calibrated for India's emotional and cultural context — *“Monsoon Melodies,” “Bollywood Love Classics,” “Holi Romance Mix.”*

Goal: Deliver deeply **personalized emotional soundtracks** tuned to India's rhythm of life.

Impact: High | **Effort:** High

Analytics & Instrumentation – Data with Heart

- Measure every moment of interaction to create **smarter, more meaningful user journeys**.
- Conduct **cohort analysis** by ICP (Ideal Customer Persona), region, and **acquisition channel**.
- Build **feature adoption dashboards** to identify what drives retention and love for the product.
- Maintain a **robust A/B testing infrastructure** to run 10+ experiments simultaneously.
- Implement **real-time engagement alerts** — detect drops or spikes instantly for proactive action.

Goal: Use data not just to optimize performance — but to **understand emotion through behavior**.

Impact: High | **Effort:** Medium

Voice & Alexa Integration – Love at First Command

- Leverage Amazon's **voice ecosystem** to make love and music just one command away.
- **“Alexa, play Bollywood love hits”** → instant activation.
- Support **voice search in Hindi, English, and regional languages**.
- Enable **smart home music continuity** — your playlist follows you from room to room.
- Introduce **voice shortcuts for playlists**, e.g., *“Alexa, play my Dil Se Mix.”*

Goal: Turn **voice into an emotional bridge** — connecting users to their favorite songs instantly.

Impact: High | **Effort:** Medium

Fuel - Community & Support

Curator Community Program – “Made with Love, by You”

- Empower passionate listeners to become **India’s next-generation music tastemakers**.
- Launch a network of **500 verified curators** across genres and regions.
- Award a **“Heart of Music” badge** for top-performing curators.
- Feature their playlists prominently on the **Amazon Music homepage**.
- Host **monthly virtual meetups** and give **rewards when playlists go viral**.
- Strengthen belonging and build **user-driven discovery** that feels personal.

Impact: High | **Effort:** Medium

24/7 Multilingual Love Support

- Reduce churn and increase satisfaction through **empathetic, multilingual assistance**.
- Offer **chat support in 11 Indian languages** — Hindi, Tamil, Telugu, Bengali, Marathi, Punjabi, Malayalam, Kannada, Gujarati, and more.
- Enable **WhatsApp support**, India’s most trusted communication channel.
- Deploy an **AI chatbot** to handle 70% of basic queries with handoff to human agents for complex issues.
- Maintain **under 2-minute average response time**.

Impact: High | **Effort:** High

User Feedback Loop – “From Your Heart to Ours”

- Make users feel **heard, valued, and part of the journey**.
- Add an in-app **“Request a Song or Artist”** button for personalized input.
- Share **monthly “You Asked, We Delivered”** updates to highlight user-driven changes.
- Maintain a **public roadmap** showing the most requested features.
- Launch a **beta testing program** (10K passionate users get early access to features).
- Turn feedback into connection — and connection into loyalty.

Impact: High | **Effort:** Medium

Fuel - Partnerships & Ecosystem

Amazon Ecosystem Synergies – One Love, One Platform

- Leverage Amazon's **multi-product ecosystem** to create a seamless Valentine's experience across shopping, streaming, and smart devices.
- **Prime Video x Amazon Music:** *"Watch it. Feel it. Hear it."* — Listen to songs from this Bollywood Valentine movie on Amazon Music.
- **Alexa Smart Displays:** Show **romantic music videos** and *"Top Love Songs"* playlists via voice command.
- **Amazon Pay Rewards:** *"Listen & Earn Love Points"* — cashback and discounts on music subscriptions.
- **Cross-Promotions:** Integrate offers into **Amazon Fresh** and **Pharmacy orders** (*"Add a Love Playlist to Your Cart"*).

Goal: Deepen engagement within Amazon's ecosystem, ensuring users experience *music + commerce + convenience* together.

Impact: High | **Effort:** Medium

Strategic B2B Partnerships – Expanding the Reach of Love

- Distribute Amazon Music through **non-traditional lifestyle and wellness touchpoints**.
- **Corporate Wellness Programs:** Curated playlists for **focus, meditation, and relaxation**.
- **Gym & Fitness Chains:** Pre-loaded **workout and motivation playlists** (Amazon Fit Mix).
- **Co-working Spaces:** Background music integrations for **"Vibe Zones"** and café playlists.
- **Airlines:** Integrate romantic and regional playlists into **in-flight entertainment systems**.

Goal: Position Amazon Music as **India's everyday sound companion** — from offices to flights.

Impact: High | **Effort:** High

Artist & Label Relations – Music from the Heart, for the Artists

- Strengthen trust and collaboration within India's **music and creator ecosystem**.
- **Transparent Royalty Dashboard:** Real-time visibility into **stream counts and revenue shares**.
- **Artist Insights Analytics:** Example — *"Your song was played 1M times in Mumbai this week."*
- **Indie Artist Growth Tools:** Self-promotion dashboards to push new releases.
- **Annual "Amazon Music Love Awards":** Recognize top artists, indie creators, and regional voices.

Goal: Build long-term goodwill, transparency, and loyalty with the **Indian music industry**.

Impact: High | **Effort:** High
m

Key Engagement Metrics (12-Month Targets)

User Growth & Acquisition

Total Signups: 10 Million+ (Free + Paid)
Paid Subscribers: 3 Million (30% conversion)
Monthly Active Users (MAU): 15 Million
Daily Active Users (DAU): 5 Million+
Tier 2 & 3 City Contribution: 40% of total signups

Listening & Engagement Behavior

Average Listening Time: 45+ minutes per active user per day
Songs Played per User: 18+ tracks daily
Playlist Creations: 1 Million+ per month
Offline Downloads: 10 Million+ monthly
User Retention Rate: 75%+ after 3 months

Content Interaction Metrics

Top Regional Streams: Tamil, Telugu, and Punjabi categories leading engagement
Podcast Listens: 2 Million+ monthly
Love & Mood Playlists: 25% of total streams during Q1 (Valentine quarter)
Live Concert Streams: 500K+ viewers per event

Monetization & Conversion

Free-to-Paid Conversion Rate: 30%
Average Revenue Per User (ARPU): ₹65/month
Monthly Recurring Revenue (MRR): ₹24 Crore
Annual Recurring Revenue (ARR): ₹288 Crore
LTV:CAC Ratio: Target 3:1

User Sentiment & Brand Loyalty

Net Promoter Score (NPS): 70+
App Store Rating: 4.2+ stars
Social Media Mentions (Year 1): 2 Million+ with #DilSeMusic
Prime Member Adoption: 20% of all paid users from Prime ecosystem

North Star Metric

Metric: Weekly Active Listeners (WAL)

- Definition: Users who listen to **at least 5 songs per week**.
- Why it matters: Reflects **true emotional engagement, habit formation**, and the **real value** delivered by the product.
- Directly correlates with **long-term retention, monetization**, and **brand loyalty**.

Valentine’s Growth Targets

Milestone	Target WAL	Objective
Month 1 (Feb–Mar 2026)	2 Million	Capture post-launch excitement from Valentine’s campaigns and new user signups.
Month 6 (Aug 2026)	6 Million	Sustain engagement through seasonal playlists, exclusive content, and IPL tie-ins.
Month 12 (Feb 2027)	10 Million	Achieve long-term retention through personalization, regional expansion, and emotional loyalty.

90-Days Implementation Roadmap

Month 1: Launch & Learn (Days 1–30)

Focus: *Activation, First Love & Habit Formation*

- ✓ Launch **Valentine's Day Campaign** – “**Dil Se Music**” across all channels
- ✓ Deploy **Growth Engine Loop 1 (Personalization + Mood Playlists)**
- ✓ Introduce **Guest Mode + Amazon.in Auto-Login** for frictionless entry
- ✓ Activate **#LovePlaylist Challenge** (Valentine UGC Turbo Boost)
- ✓ Enable **Social Sharing Features + Music Cards** for Instagram & WhatsApp
- ✓ Set up **Real-Time Analytics Dashboards** to track engagement & retention
- ✓ Launch **24/7 Multilingual Support (11 Indian Languages)** for inclusivity
- ✓ Begin **Campus Ambassador Recruitment Drive** – “**Campus of Love**”

Targets:

- **2 Million Signups**
- **65% Day-1 Retention**
- **1 Million Weekly Active Listeners (WAL)**

Month 2: Optimize & Scale (Days 31–60)

Focus: Retention & Virality

- ✓ **Launch “Love Loop” Collaborative Playlists** – Users and couples can co-create playlists together for shared moments.
- ✓ **Deploy Dynamic Pricing + Soft Paywall** – Personalized Valentine offers and gentle upgrade prompts.
- ✓ **Start Exclusive Artist Releases** – Romantic singles and acoustic sessions under “*Amazon Love Originals.*”
- ✓ **Kick Off Live Concert Series** – Weekly “*Dil Se Music Nights*” streamed via Prime Video & YouTube.
- ✓ **Activate Referral Program (3 Months Free)** – “*Share the Love*” campaign to boost viral signups.
- ✓ **Release Music Personality Test** – Fun “*Discover Your Love Soundtrack*” quiz built for Instagram virality.
- ✓ **Run 20+ A/B Tests on Onboarding Flow** – Optimize quiz flow, offers, and personalization speed.

Target:

- **5 Million Total Users**
- **45% Day-7 Retention**
- **3 Million Weekly Active Listeners (WAL)**

Month 3: Monetize & Expand (Days 61–90)

Focus: Deepen emotional connection, boost conversions, and amplify network effects.

- ✓ **Launch “Artist Direct Upload” platform (Loop 3)** – empower indie creators to share love-inspired tracks.
- ✓ **Deploy Hyper-Local Radio Stations** – city-based channels like “*Mumbai Love Vibes*” & “*Chennai Romance FM.*”
- ✓ **Initiate Curator Community Program (500 Curators)** – regional tastemakers build Valentine and mood playlists.
- ✓ **Roll Out Family Plan Promotions** – “One Home, One Love, One Subscription.”
- ✓ **Activate IPL Partnership Campaigns** – romantic + cricket tie-ins for massive reach.
- ✓ **Expand Podcast Library** – launch “Love Talks,” “Heartbeats,” and regional storytelling series.
- ✓ **Implement Streak Rewards System** – reward consistent listeners with exclusive acoustic “Love Unplugged” tracks.

Target:

- **8M Total Users**
- **1.5M Paid Subscribers**
- **5M Weekly Active Listeners (WAL)**

Month 3: Monetize & Expand (Days 61–90)

Focus: Deepen emotional connection, boost conversions, and amplify network effects.

- ✓ **Launch “Artist Direct Upload” platform (Loop 3)** – empower indie creators to share love-inspired tracks.
- ✓ **Deploy Hyper-Local Radio Stations** – city-based channels like “*Mumbai Love Vibes*” & “*Chennai Romance FM*.”
- ✓ **Initiate Curator Community Program (500 Curators)** – regional tastemakers build Valentine and mood playlists.
- ✓ **Roll Out Family Plan Promotions** – “One Home, One Love, One Subscription.”
- ✓ **Activate IPL Partnership Campaigns** – romantic + cricket tie-ins for massive reach.
- ✓ **Expand Podcast Library** – launch “Love Talks,” “Heartbeats,” and regional storytelling series.
- ✓ **Implement Streak Rewards System** – reward consistent listeners with exclusive acoustic “Love Unplugged” tracks.

Target:

- **8M Total Users**
- **1.5M Paid Subscribers**
- **5M Weekly Active Listeners (WAL)**

Risk Mitigation Plan

Risk: Low Initial Engagement

Trigger: If **Day-7 Retention** < 35% in the first month.

Action:

Enhance **onboarding personalization quiz** with romantic & mood-based playlists.

Expand **free-tier benefits** (unlimited skips for 7 days post-Valentine launch).

Add **Bollywood Valentine exclusives** to drive emotional connection early.

Risk: Poor Free-to-Paid Conversion

Trigger: If **Free-to-Paid Conversion** < 20% after 3 months.

Action:

Launch a **₹49 micro-tier** (“Love Starter Plan”) for casual listeners.

Extend free trial periods during festival and IPL seasons.

Introduce **premium-only “Love Unplugged” concerts** and early content access.

Risk: Competitive Price War

Trigger: If **Spotify or JioSaavn slash prices** aggressively post-launch.

Action:

Highlight **Amazon ecosystem value** — Prime Video + Alexa + Amazon Pay integration.

Bundle Amazon Music with Prime for added loyalty and cross-benefits.

Focus on **exclusive content, artist collaborations, and regional depth** over pricing battles.

Risk: Technical Scalability Issues

Trigger: If app faces **crashes or slowdowns** during viral spikes.

Action:

Conduct **pre-launch load testing** for 10× expected capacity.

Implement **CDN redundancy** and **graceful degradation protocols**.

Maintain a **real-time monitoring war room** during Valentine week.

PLG Success Framework Summary

Core PLG Principles

Amazon Ecosystem Power

Emotional Personalization

Regional Depth

Social Virality

Exclusive Content

Family & Togetherness

Applications

Leverage 200M+ Amazon users, Prime Video, and Alexa integration for seamless cross-platform discovery.

Onboarding Music Taste Quiz creates instant love-based personalization — “Your Heart’s Playlist.”

Deepest Indian catalog across Tamil, Telugu, Bengali, Punjabi, and Marathi — love in every language.

Instagram-first sharing tools, viral Music Personality Tests, and “Gift a Song” features spark emotional sharing.

Artist Direct Uploads, Live Valentine Concerts, and Amazon Originals: Love Unplugged sessions.

Industry-best Family Plan (6 accounts) — “One Home, One Love, One Subscription.”

PLG Success Framework Summary – Key Differentiators vs Competition

- ✓ **Value Before Monetization:** Generous **free tier** with “Guest Mode” lets users fall in love with music before paying.
- ✓ **Emotion-Led Acquisition:** **Shareable playlists**, “*Gift a Song*”, and “*Music Personality Test*” features drive organic, emotional virality.
- ✓ **Network Effects:** **Collaborative playlists**, **Curator Community**, and **Family Plan sharing** amplify engagement through connection.
- ✓ **Data-Driven Personalization:** **AI/ML-powered recommendations** adapt to moods, festivals, and languages — delivering “Your Heart’s Mix.”
- ✓ **Frictionless Experience:** **One-tap signup**, **smart defaults**, and **gesture-based controls** ensure smooth onboarding and everyday ease.

Ultimate Goal

Create a **deeply emotional, personalized, and shareable** music experience that turns every listener into a storyteller — making **Amazon Music India** the **default destination for discovering, expressing, and sharing love through music.**

THANK YOU...!
